Dan and Patty share the story of Willoughby Advocacy

April

Willoughby Advocacy is

The Advocacy Committee has been around for more than 21 years and works to speak up for those who cannot speak up for themselves in the workshop.

We try to look out for our friends and co-workers.

We've worked to:

- get vending machines in the workshop.
- start and maintain a Memorial Garden as a tribute to our friends and co-workers who are no longer here with us.
- improve the bathrooms.
- make the curbs outside the Workshop more accessible to wheelchairs.
- get the roads around the workshop repaired for easier wheelchair access.
- plan an annual Summer Picnic at the workshop.

Willoughby Advocacy

- Each year, the Committee offers ideas to The Board at the Annual Planning Meeting to make the workshop better.
- We try to think how we can work to make things better for ourselves and others. Last year we started having fundraisers to raise money so that we could also give back to the community.
- Patty saw an ad for the USO and decided that it would be a good idea to help out the soldiers. Patty told the Advocacy Committee about the idea and here we are now.
- We're happy to be here at the USO.
